

Jersey Warned By U.S. Against 3.50 Beer Sale

Violators of Federal Act Will Be Prosecuted "to the Limit," Irrespective of the State Statute

Roper States Decision

Transfer of Liquor Legal Only When There Is Act- ual Change of Residence

WASHINGTON, Feb. 28.—All persons found violating the Federal prohibition enforcement act will be proceeded against to the "limit of the law," irrespective of any state statutes legalizing the sale of liquors, it was announced today by Commissioner Roper of the Internal Revenue Bureau.

Mr. Roper's ruling resulted from the bill pending before the New Jersey Legislature legalizing the sale and manufacture of beer containing 3 1/2 per cent of alcohol.

"The Bureau of Internal Revenue is charged with the enforcement of the national prohibition act," he said. "It definitely prohibits the manufacture and sale for beverage purposes of all liquors containing one-half of 1 per cent or more of alcohol by volume. This being the case, the manufacture and sale of 3 1/2 per cent beer, which is permitted by the bill in the New Jersey Legislature, is in direct violation of the Federal statute. All persons, therefore, who are found guilty of this violation of the Federal statute will be proceeded against to the limit of the law."

Liquor owners may transfer their stock legally from one dwelling to another only when there is an actual change of residence and then only under special permit, according to an announcement by the Internal Revenue Bureau, issued to correct published reports that owners of two or more dwellings might move their stock from one to the other unhampered.

No Clash of U. S. With Jersey Over 3.50 Beer

Passage of Bill by the Senate Is Declared Assured; Edwards Congratulates Republicans

TRENTON, N. J., Feb. 28.—Although the 3.50 per cent beer bill, which passed the Assembly this week, practically is assured of adoption by the Senate Monday night and of approval by Governor Edwards the next day, there is no immediate prospect of a clash between Federal and state authorities over the measure's conflict with the Volstead act.

The statement in Washington of Internal Revenue Commissioner Roper that the Volstead act would be enforced, enactments of New Jersey to the contrary notwithstanding, would have pressed trouble in the near future were it not for two modifying developments.

One of these is the clause in the 3.50 per cent beer bill, evidently overlooked until now by the "wet" enthusiasts, providing that it is not to go into effect until peace is declared. The other is the assertion of Christian W. Feigenbaum, Newark brewer, that no effort will be made to put 3.50 per cent beer on the market unless and until the United States Supreme Court upholds New Jersey's contention that it has a "concurrent" power with Congress to define what constitutes intoxicating liquor under the Eighteenth Amendment.

Eleven votes will be required to adopt the bill in the Senate, and its proponents claim it will be voted for by five of the six Democratic Senators and at least six of the fifteen Republicans.

Governor Edwards yesterday issued a statement congratulating the Republican Assemblymen who had voted for the beer bill. He said, in part:

"I know, and know, and know, people know, that it was not a partisan victory, but it was rather the realization that New Jersey is true to her tradition and stands for justice and liberty and cannot be turned aside by the beating of some ill turned sectarian tom-tom. The Republicans who so nobly stood forth for the rights of their fellow-citizens will realize as time goes on that they have written into history a golden line for the Republican party."

'Drys' Will File Plea In R. I. Suit Monday

State Attorney General Re- fuses to Consent to Hughes Presenting Brief to Court

PROVIDENCE, Feb. 28.—Charles E. Hughes intends next Monday to file a motion in the United States Supreme Court requesting permission to file a brief as an amicus curiae on behalf of a number of states named by Governor Milliken of Maine as desirous of appearing in opposition to Rhode Island in that state's action to have the national prohibition law declared unconstitutional.

Attorney General Rice, of Rhode Island, when asked today by Mr. Hughes to permit the filing of the brief by consent declined on the ground that, so far as he had been advised, no action had been taken on behalf of the states named by Governor Milliken to be made parties in the case now being pressed by Rhode Island. Nor could Attorney General Rice find any legal authorization in the statement of his motion by Mr. Hughes to act in behalf of any of the states named, in conjunction with the officials of these states to present such a motion to the Supreme Court. There appear any authorization from the Legislature of these states that any such action had been authorized or ordered by them.

Attorney General Rice stated to Mr. Hughes that he preferred to have the court itself pass upon the legal standing as representing the various states named in this proceeding.

U. S. Officials Discuss Plans to Clamp "Dry" Lid

CHICAGO, Feb. 28.—Plans for tight- ening the lid on transportation and sale of non-beverage liquor were discussed today in a conference of government officials here. The conference was at- tended by Major A. V. Dalrymple, pro- hibition director for the Central States; J. M. Gaylord, assistant commissioner of prohibition enforcement, from Wash- ington, who is making an investigating tour of the country, and Captain Hubert Howard, Illinois, prohibition adminis- trator. No details as to the nature of the new rules to be pushed were given.

Mr. Gaylord was expected to leave

for Peoria, Ill., to-day. He said the
Iron River prohibition affair was not
discussed.

House Refuses \$1,000,000 To Hunt Rum Smugglers

WASHINGTON, Feb. 28.—The House refused unanimously today to appropriate \$1,000,000 for use until July 1 in attempting to prevent the smuggling of liquor over the Canadian and Mexican borders. Provisions for the appropriation had been inserted in the general deficiency bill by the Senate.

Chairman Good of the Appropriations Committee said the expenditure would be "useless."

Prohibition Is Closing City's Lodging House

"Down and Outers" Cease to Exist, Head of Public Charities Says

Bird S. Celer, Commissioner of Public Charities, who is in a position to observe some of the practical effects of prohibition, said yesterday he had to admit it was a good thing in so far as it had improved the general health of the community and bettered conditions among the poor. The commissioner said that while he believed prohibition had been brought about in an un-American way and was strongly in favor of new referendums, "facts were facts" nevertheless.

"The alcoholic wards in the Department of Charities and Bellevue and Allied Hospitals are doing practically nothing," he said. "We are closing most of the doors of the municipal lodging house. For the last few weeks we have had more employees than patrons; in fact, those coming to us recently are more or less vagrants, which are proper for workhouse cases. The man who has left his employment through intoxication and is down and out for a few days, without money and looking for another job, has practically ceased to exist. Private societies or organizations seeking increased subscriptions from the general public on the ground that conditions among the poor to-day are worse than heretofore are simply obtaining money under false pretenses."

Mrs. de Barrios Denied Order Against Husband

Court Declines to Hold Wealthy Mexican, Who Took Child Away, Is in Contempt

Justice McAvoy, in the Supreme Court, yesterday denied the application of Mrs. Carmen de la Serna de Barrios to have her husband, Dr. Bernabe de Barrios, president of the New York Mexican Oil Company, adjudged in contempt for taking their nine-year-old daughter, Helen, out of the state in violation of an order of the court. Dr. de Barrios, a wealthy Mexican, is in Los Angeles, a tuberculosis patient, while his daughter, who is with him, is being treated for a mental malady which the physicians call "Mongolian idiosyncrasy."

When the couple separated the custody of their two children was given to Mrs. de Barrios. Her son, is at a school at Central Falls, R. I. Mrs. de Barrios was permitted to visit her daughter.

Dr. de Barrios was at Sound Beach, Conn., until last fall. When he came back to New York he took rooms at the Hotel Breslin Annex. Mrs. de Barrios lives at 4 West 107th Street. She called at the Breslin to see her daughter in November and then learned that the father had taken Helen to California.

According to Dr. de Barrios, his marital trouble in due to the antagonism of the adult children of Mrs. de Barrios by a former marriage. He charged that they are using the mentally defective child as a pawn to get control of the property of Mrs. de Barrios in Mexico, which Dr. de Barrios, under the laws of Mexico, has in his charge.

Assault Case Not Decided Evidence Heard Against School Teacher Girl Accuses

John H. Gabrielle, a teacher in Public School 18, Yonkers, was tried before Judge Boote, in that city, yesterday on a charge of assaulting Miss Charlotte Thiel, twenty years old, of 18 Highland Avenue, Yonkers, who alleges Gabrielle is the father of her child. Judge Boote reserved decision.

Miss Thiel testified Gabrielle kept his automobile in a garage in the rear of her father's home and that in April, 1919, he came into the house for water, found her alone and attacked her. She said she told no one of the incident until she found it necessary to consult a physician and that she then informed her father of what had happened. Appeals to Gabrielle to aid her, she said, met with a rebuff.

Gabrielle denied the charge. Lamont Dodge, assistant superintendent of schools; Miss Mary Hazen, principal of School 16, and Joseph J. Eaton, principal of Saunders Trade School, testified as character witnesses for Gabrielle.

DRESSES

of Latest Spring Fashion

Having definitely decided to favor taffeta and tricotine for Spring, the designers gave their attention to striking effects in embroideries, interesting new lines for silhouette and unusual points of styling. As a result, our assortments are constantly enlarged with dresses of originality and charm such as are displayed in these models selected for special pricing on Monday and Tuesday.

Slip-over Tricotine Dresses

69.75

The frock illustrated (a) is a charming example of the new modes for misses. A novel pattern of heavy silver embroidery accentuates the extended hip line. The simply cut neck agrees well with the graceful lines of the dress, and permits it to slip over the head with a minimum of effort.

A New Taffeta Dress

34.50

It is pictured (b). Note particularly the lovely pattern of embroidery, which is done in black silk and gold tinsel, and follows the bouffant hip line, as well as ornamenting sleeves and bodice. The model comes in black, navy and stone blue. Sizes for women and misses.

At the same price there are many other new, attractive models in taffeta and high lustre crepe de chine.

Distinctive Dresses of Georgette, Satin and Taffeta

Special 75.00

Only one and at most but a few dresses in each style, and a great many styles at this price provide an opportunity to choose something really individual and distinctive, quite different from other dresses. Georgette models, exquisitely embroidered with beads and silks, dresses with skirts of lustrous satins and contrasting over-blouses of beaded georgette, and semi-tailored taffeta dresses are some of the captivating styles to be found in this group.
